

safety . integrity . diversity . success
safety . integrity . diversity . success
safety . integrity . diversity . success
safety . integrity . diversity . success

Safety ... our number one value - our safety goal is to prevent all injuries both on- and off-the-job.

Integrity ... our customer relationships are built on integrity and mutual trust.

Diversity ... our commitment to a diverse workforce better prepares us to respond to our customer's needs.

Success ... our Continuous Improvement atmosphere drives success and lowers our customer's Total Cost of Ownership.

Based on these values ... it's no coincidence that, for the past two years, Day & Zimmermann NPS[®] has been ranked as the nation's #1 Power O&M contractor by the *Engineering News-Record*.

Day & Zimmermann NPS[®]

We do what we say.[®]

A Full-Service Power Plant Maintenance & Modifications Contractor
